

# PRESERVE

**OUR LEGACY URBAN TREE CANOPY  
OUR MENTAL HEALTH AND WELL BEING  
OUR PROPERTY VALUES  
OUR QUALITY OF LIFE**

- Your property value is being threatened. Blight begins with compromised landscaping.
- LVVWD goal is 86 gallons of water per year per person only impacts part of the valley.
- Water will ultimately become more expensive. No more gardening or horses.
- Our temperature is rising faster than any city in the nation-Water policy is contributing to this increased heat.
- Other communities that are reducing water availability are putting their existing customers ahead of those coming into new development. We deserve the same.
- Contact your Clark County Commissioner to demand shared responsibility 702-455-3500  
North Las Vegas, Boulder City, and Henderson are not subject to these huge penalties.
